2022 Programs & Initiatives

The core focus of the IECE is to provide innovative programs and educational resources to entrepreneurs and small business owners throughout the Inland Empire. The following programs and initiatives were introduced in 2022 to address distinct service gaps, based on the in-depth research findings and survey conducted for the 2021 State of Entrepreneurship report.

Catapult Growth Network + Catapult Mastermind

Catapult was launched based on the distinct need for entrepreneurs in mid-level businesses to acquire new skills and knowledge on how to effectively grow their company, connect with like-minded peers, and gain deeper perspectives in developing new business strategies to enhance their business growth and success. Delivered in partnership with Bank of America.

Financial Fitness Bootcamp: 4-Day Small Business Training

A healthy way to approach small business financial management. The essentials are presented in a comprehensive hands-on approach for small business owners to take charge of critical components and tools to manage the financial aspect of their business more effectively. Delivered in partnership with Bank of America.

Center for
Contracting

SBDC Center for Contracting

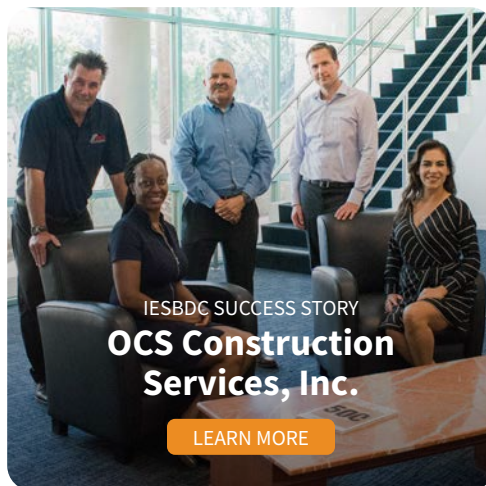

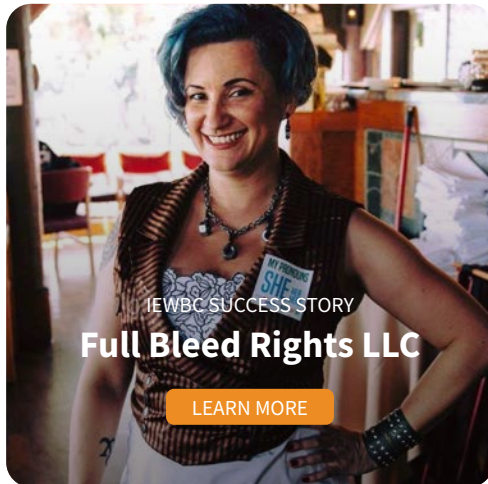

The SBDC Center for Contracting focuses on assisting small businesses with winning procurement contracts at the state, local and private levels. The program features "Chatting Contracts with Karla," an on-demand webinar with various agencies on their procurement processes and needs, and certification training and support.
